CONSENT FOR TELEHEALTH (VIDEO OR PHONE):

Sometimes we may engage in online psychotherapy, consultation and coaching.

I understand that my health care provider wishes me to engage in a telehealth consultation.

My health care provider explained to me how the video conferencing technology that will be used to affect such a consultation will not be the same as a direct client/health care provider visit due to the fact that I will not be in the same room as my provider.

I understand that a telehealth consultation has potential benefits including easier access to care and the convenience of meeting from a location of my choosing. I understand there are potential risks to this technology, including interruptions, unauthorized access, and technical difficulties. I understand that my health care provider or I can discontinue the telehealth consult/visit if it is felt that the videoconferencing connections are not adequate for the situation.

I have had a direct conversation with my provider, during which I had the opportunity to ask questions in regard to this procedure. My questions have been answered and the risks, benefits and any practical alternatives have been discussed with me in a language in which I understand.

CONSENT TO USE TELEHEALTH BY DOXY.ME:

Doxy.me is the HIPPA compliant technology service we will use to conduct telehealth videoconferencing appointments. It is simple to use and there are no passwords required to log in.

By signing this document, I acknowledge: Doxy.me is not an Emergency Service and in the event of an emergency, I will use a phone to call 911. Though my provider and I may be in direct, virtual contact through Doxy.me, Doxy.me does not provide any medical or healthcare services or advice including, but not limited to, emergency or urgent medical services.

Doxy.me facilitates videoconferencing and is not responsible for the delivery of any healthcare, medical advice or care. I do not assume that my provider has access to any or all of the technical information in Doxy.me or that such information is current, accurate or up-to-date. I will not rely on my health care provider to have any of this information in Doxy.me.

To maintain confidentiality, I will not share my telehealth appointment link with anyone unauthorized to attend the appointment.
